Email address	
Objective ID number (if known)	

Wirral Local Plan – Main Modifications Response Form

3. Data Protection Notice

<input checked="" type="checkbox"/>	Please tick this box to confirm that you understand that your name and your response will be published, that your full name and details will be passed to the Planning Inspectors, and that you have read and understood the Council's privacy notice.
-------------------------------------	--

Part B

- 1. To which Modification does your representation relate?** (please insert as appropriate)

Main Modification Reference number: MM [40]

Policies Map Reference number: PM []

Additional Modification Reference number: AM []

- 2. If your comment is on a Main Modification, do you consider that the Main Modification is:**

Legally Compliant – Y (please delete as appropriate)

- 3. Please explain why you consider a Main Modification does not assist in achieving legal compliance or soundness or provide any other comments on it in the box below. Please be as precise as possible.**

I have serious concerns about protection of Green Belt agricultural land, particularly since the changes to Agricultural Property Relief and the impact on Wirral families who are tenant farmers.

Together with other elected members, I voted to not release any productive agricultural land for development to protect our rural economy in small villages and hamlets like Barnston, Brimstage, Raby, Storeton and Thornton Hough.

- 4. Please set out in the box below the changes you consider necessary to make the Main Modification legally compliant and sound.**

The protection of "Best & Most Versatile" Green Belt Agricultural Land should be more robust and the modifications have weakened this.

The policy should also state that areas of poorer quality land must be prioritised and instances of non-use justified.
