Wirral Local Plan – Main Modifications Response Form

Part B

1. **To which Modification does your representation relate?** (please insert as appropriate)

Main Modification Reference number: MM [11]

Policies Map Reference number: PM []

Additional Modification Reference number: AM []

2. **If your comment is on a Main Modification, do you consider that the Main Modification is:**

Legally Compliant

Sound – No

3. **Please explain why you consider a Main Modification does not assist in achieving legal compliance or soundness or provide any other comments on it in the box below. Please be as precise as possible.**

The effect of the MM:

The effect of MM11 will be that the employment land supply will be 'stretched' across a longer Plan Period than originally intended. The consequence being less employment land available. The Local Plan reduces the supply of sites to 59.16ha which will further impact on the availability of land.

Further explanation of our position:

MM11

We object to MM11. The MM refers to a reduced supply of employment land (from 65.60ha to 59.16ha) which is within the context of a constrained employment land supply that we evidenced at the Hearings. No additional allocations are made, and no reference is made within the MMs that are included in the consultation, to advise that a shortfall in employment land supply/availability to meet demonstratable needs, will trigger a review of this Local Plan. MM21 is silent on this also.

4. Please set out in the box below the changes you consider necessary to make the Main Modification legally compliant and sound.

The Local Plan is at such an advanced stage that it is unlikely that additional sites will be allocated to address the failure to meet objectively assessed needs. There are only two available ways to rectify this:

1. Withdraw the Local Plan or
2. Add in additional text within the review and monitoring mechanisms to reflect the strategic employment need for B8 uses will be a matter for triggering an early review, and will a matter for the subsequent Local Plan if that review is done at five years from adoption.
