Wirral Local Plan – Main Modifications Response Form

Part B

1. **To which Modification does your representation relate?** (please insert as appropriate)

Main Modification Reference number: MM [18]

Policies Map Reference number: PM []

Additional Modification Reference number: AM []

2. **If your comment is on a Main Modification, do you consider that the Main Modification is:**

Legally Compliant – ~~Yes~~/ No (please delete as appropriate)

Sound – ~~Yes~~ / No (please delete as appropriate)

3. **Please explain why you consider a Main Modification does not assist in achieving legal compliance or soundness or provide any other comments on it in the box below. Please be as precise as possible.**

We note the amendment to criterion D which inserts the word 'Major'. It states:

D. ~~Major~~ D development proposals in masterplan areas and included in the Infrastructure Delivery Plan must be accompanied by a comprehensive, site wide infrastructure strategy, including that for surface and foul water drainage.

We do not consider the insertion of the word 'Major' to be necessary. This is because all development proposals, regardless of size, should be supported by a comprehensive site-wide infrastructure strategy. This is clearly applicable to major development proposals, however, it could also be applicable to sites that fall outside the definition of major development. For example, a 5-unit residential scheme of self build dwellings should be supported by a site-wide infrastructure strategy. As such we suggest that the word '*Major*' is deleted.

4. Please set out in the box below the changes you consider necessary to make the Main Modification legally compliant and sound.

Our revised wording is below:

D. ~~Major D~~ development proposals in ~~masterplan areas and included in the Infrastructure Delivery Plan~~ must be accompanied by a comprehensive, site wide infrastructure strategy, including that for surface and foul water drainage.
